

Sports Turf Training June 15 – 19, 2009

Participants will understand the responsibilities of managing college grounds, landscape and sports fields. Topics include:

- Turfgrass ID, tour of fields
- Fielded layout and marking
- Skin field maintenance
- Soil and soils testing
- Turf disease and insects
- Snow removal planning
- Case studies on sports fields
- Integrated pest management
- Water management
- Personnel/financial management
- Woody plant ID

There will be hands on experience with marking fields, turf identification, and maintaining baseball field skin areas.

Price of \$1249 per person includes instruction, CEU's, all course materials, suite-style dormitory lodging for four nights with a full linen package, meals (Monday dinner through Friday lunch), transportation to training sites, and entrance fees for any related venues.
